Dear Mr. Denton:

In the Reference (a) cover letter attached to the modified Mark I Orders (extending completion dates), it was indicated that the Plant-Unique Analyses (PUA's) should be submitted in accordance with the "scorecard" schedules or as subsequently agreed to by you and us. We have reviewed our schedule constraints and would like to reaffirm our position on the PUA's as was initially presented in Reference (c). At this time we are planning to submit the PUA's in conjunction with the remaining modification closure dates. These dates are:

Unless otherwise informed we are proceeding assuming NRC concurrence.

Please direct any question you may have concerning this matter to this office.
