Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Dresden Station Units 2 and 3  
NRC Safety Evaluation Reports  
of Safety-Related Equipment  
Proprietary Information  
NRC Docket Nos. 50-237 and 50-249

Reference (a): D. M. Crutchfield letter to L. O.  
DeGeorge dated December 29, 1982.

Dear Mr. Denton:

In Reference (a) Commonwealth Edison was informed that the Technical Evaluation Reports (TERs), attached to the subject Safety Evaluation Reports, would be withheld from public disclosure until we responded to the NRC. This is to inform you that we are currently evaluating, in detail, the information contained in these TERS to determine what information is proprietary. We will give you a schedule for our resolution of this proprietary information issue by February 15, 1983. Until further notice, we understand that this information will continue to be withheld from public disclosure.

Please address any questions you may have concerning this matter to this office.

One (1) signed original and forty (40) copies of this transmittal are provided for your use.

Very truly yours,

*Thomas J. Rausch*
