Dear Mr. Denton:

Reference (a) requested that the Commonwealth Edison Company provide, by April 15, 1983, a proposed schedule for completion of certain Emergency Response Capability items identified in reference (a), Supplement 1 to NUREG 0737 for our Dresden, Quad Cities, Zion, LaSalle County, Byron and Braidwood Stations. Reference (b) provided Commonwealth Edison Company's original response. Subsequent transmittals modified reference (b) following further clarifications of Nuclear Regulatory Commission guidance or where we found a previously committed date could not be met.

By this letter, we wish to revise the commitment dates for the upgrade of Emergency Operating Procedures (EOPs) for Dresden and Quad Cities Stations. The commitment dates for Dresden, Quad Cities and LaSalle stations were based on submittal of the Procedures Generation Package and implementation of the upgraded EOPs 1 and 2 years respectively after NRC approval of BWR Owners Group EPG's Revision 3.

Reference (d) provided approval of Revision 3 of the EPG's on November 23, 1983. After discussion with the appropriate Project Managers and other members of your staff we have agreed to the following schedule for Dresden and Quad Cities Stations:

- 1) Submit Procedures Generation Package based on Revision 3 of BWROG EPG's 10/30/84
- 2) Implement Upgraded EOP's 10/30/85

Please address any further questions that you or your Staff may have concerning this submittal to this office.

One (1) signed original and sixty (60) copies of this letter with attachments are provided for your use.

Very truly yours,

B. Rysak

Nuclear Licensing Administrator
