- (d): B. Rybak letter to H. R. Denton dated
March 8, 1984.

Dear Mr. Denton:

Reference (a) was an order dated August 26, 1983 confirming shutdown of Dresden Unit 3. References (b), (c), and (d) provided Commonwealth Edison Company submittals on this subject.

During recent discussions with the NRC staff, it was requested that Commonwealth Edison Company document a commitment regarding future submittal of plans for Dresden Unit 3. We commit that Commonwealth Edison Company will submit our plans for inspections, corrective actions and/or modifications including potential replacement of recirculation and other piping which will be performed during the next scheduled refueling outage on Dresden Unit 3. This information will be submitted at least 90 days prior to the next scheduled refueling outage, which is currently expected to start approximately April, 1985.
