Dear Mr. Keppler:

Reference (d) contained a commitment in Part III Item 3.2
for Zion Station to review all Westinghouse Technical Bulletins and
Data Letters. This letter is to provide the current status of this
commitment. As of 6-28-84, all but three Technical Bulletins and
nine Data Letters have been reviewed. It is anticipated that review
of the 12 remaining items will be completed by 9-28-84.

To the best of my knowledge and belief, the statements
contained in the Attachment are true and correct. In some respects
these statements are not based on my personal knowledge but upon
information furnished by other Commonwealth Edison employees,
consultants and contractors. Such information has been reviewed in
accordance with Company practice and I believe it to be reliable.
