Docket Nos. 50-237
and 50-249

Commonwealth Edison Company
ATTN: Mr. Dennis L. Farrar
Director of Nuclear Licensing
Post Office Box 767
Chicago, Illinois 60690

Gentlemen:

We have received a copy of your application dated June 11, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application transmitted reformatted Technical Specifications for the Dresden Station Unit Nos. 2 and 3 to improve legibility and versatility. Fees pursuant to 170.22 were not remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that a Class II fee (\$1,200) and a Class I fee (\$400) are appropriate since the changes are administrative in nature and involve a duplicate unit. Therefore, you are requested to remit the sum of \$1,600 to this office. If the ONRR staff's final review of your application reveals that these fees are not appropriate, you will be notified and any necessary adjustments will be made.

Sincerely,

Original Signed by:
