Docket No. 50-395-OL

1. My name is John M. Torbet, and my business address is P. O. Box 1498, Reading, Pennsylvania 19603.
2. I am employed by the Structural Department of Gilbert Associates, Inc. as a Structural Engineer.
3. I received a Bachelor of Science in Civil Engineering from Lehigh University in 1954, and I have been working as a structural engineer for 28 years.
4. I am also registered as a Professional Engineer in the Commonwealth of Pennsylvania.
5. I have read the part of the Affidavit of D. A. Nauman dated September 9, 1982 that discusses Gilbert Associates, Inc. letter CGGS-2706 dated July 1, 1974 to Mr. H. T. Babb of South Carolina Electric & Gas Co. This discussion appears on pages 6, 7 and 8 of Mr. Nauman's Affidavit. I wrote and signed the referenced letter and have the following comments concerning its contents:
 - A. In the fourth paragraph of the letter, reference is made to our experience. That was intended to refer to the experience of Gilbert Associates, Inc. in general and was not directed to any particular experience at the V. C. Summer Station.

B. I do not know when cadwelding began at V. C. Summer. Otherwise, I agree with the information set forth in Mr. Nauman's Affidavit.

C. I know of no inadequately tested splices being covered with concrete and have heard no information that would lead me to be concerned that inadequately tested splices were covered with concrete at the V. C. Summer Station.
