50-424; 50-425; Use of Cadwelds as End Anchorages

Attention: Mr. James P. O'Reilly

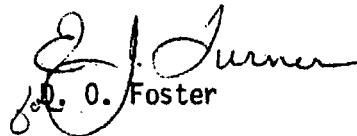

Gentlemen:

On January 13, 1983, Mr. C. W. Hayes reported a potential deficiency concerning the use of Cadwelds as end anchorages to Mr. John Rogge, US NRC, Region II. Georgia Power Company has not been able to complete our engineering evaluation concerning this item.

Also, Georgia Power Company has not been able to forecast a completion schedule for this evaluation. An interim report will be submitted to the Commission by March 31, 1983. At this time, Georgia Power Company intends to furnish a final completion schedule.

This report contains no proprietary information and may be placed in the NRC Public Document Room upon receipt.

Very truly yours,

J. O. Foster
