Dear Sirs:

Currently I would like to apply for an amendment to our above referenced license. We are doing this in letter form as specified in Section V of your "Guide For Preparation Of Byproduct Material Applications For The Use Of Sealed Sources In Portable And Semi-Portable Gauging Devices.

The proposed change would be in Section 12, of our license, so that it would read "Licensed Material shall be used by or under the supervision and in the physical presence of Mr. Lawrence A. Gardner" In addition please remove the following names as equipment operators under this license; Gerald W. Sudimick, Dennis G. Emmerson, Richard J. Callahan, and Anthony Gagliardi.

Please find attached a copy of Certificate of Completion for the Radiation Safety and Use of Nuclear Soil Gauges Course given by a representative of Campbell Pacific Nuclear Corporation.

Should you require additional information, please contact this office at Ammann & Whitney, 10 Factory Street, Derby, Conn. 06418, (203) 734-1463.

Very Truly Yours,

*Gerald W. Sudimick*
