George,

Attached please find two files:

1. Fort Mims DFP Cost Estimate Summary Report 2016.pdf (Prepared by DDES, LLC for Sigma-Aldrich Company), and
2. Fort Mims Cost Estimate Detail 2016.pdf (Detailed estimate using the format provided in NUREG 1757 Volume 1)

The total cost of \$711,474.00 shown in the estimate is not expected to change materially before termination of the license. We expect decommissioning activities to cease within approximately 18 months. Thus, a 10-year projected cost has not been included.

Upon approval of the Decommissioning Cost Estimate by NRC, the approved documents will be included, along with Financial Assurance documents (in preparation), in a comprehensive Decommissioning Funding Plan.

Please let me know if you require additional information to complete your review.

Sincerely,

Tom Spencer  
RSO
