Licensing Assistant - RPB-3
Division of Reactor Licensing
U. S. Atomic Energy Commission
Washington, D. C.

Dear Mr. Karas:

In accordance with your request, relayed by telephone through the secretary of Mr. Dick DeYoung, we are transmitting herewith the misdirected letter to Mr. Donald H. Pack. The letter was attached to Volumes I and II of the Dresden Nuclear Power Station Units 2 and 3 SAR. The package was addressed to Dr. Newmark as noted on the enclosed label. We shall retain this set of reports unless directed to return it. In such case, please send us a franked label with mailing instructions.

We had received one set of these Dresden Reports ourselves earlier in the week with an appropriate cover letter.

Sincerely yours,

W. J. Hall

Dear Dr. Newmark:

Re: Contract No. AT(49-5)2667

Nathan M. Newmark Consulting Services is hereby requested, pursuant to the conditions of Contract No. AT(49-5)2667, to provide the following services for the Commission concerning the operating license safety review for Commonwealth Edison Company's Dresden Nuclear Power Station Units 2 and 3:

1. Analyses of the engineering factors included in the final design of the facility to minimize damage from seismically-induced ground motions.
2. Preparation of a report on (1) above.
3. Serving as an expert witness in the public hearing on this facility, if required.

The maximum amount payable to your firm for this project is \$3,000.

Volumes I and II of the DNPS Units 2 and 3 Safety Analysis Report are enclosed for your review.

Sincerely yours,

151

Peter A. Morris, Director
 Division of Reactor Licensing
