In the matter of the application
of Commonwealth Edison Company

Docket No. 50-237

(form)
File Copy

MOTION OF APPLICANT
COMMONWEALTH EDISON COMPANY
FOR PRE-HEARING CONFERENCE

Applicant Commonwealth Edison Company, by its attorneys Isham, Lincoln & Beale, respectfully moves that an order be entered herein setting this cause for pre-hearing conference for the purpose of considering procedures to expedite the presentation of evidence or otherwise aid in the orderly disposition of this proceeding. It is requested that such pre-hearing conference be set for a date during the first week of November, other than November 5, or such other early date as may be convenient for the Atomic Safety and Licensing Board designated to hear this cause at such hour and place as the Board may designate.

RECEIVED

In this connection, Commonwealth Edison Company invites the Board to conduct such pre-hearing conference at the Exposition Building at the Dresden Nuclear Power Station. The Exposition Building is a facility which has been opened to the public during the five years of operation of Dresden Unit 1. More than 55,000 persons have visited this building to study the exhibits on display there and have received indoctrination talks and movies preliminary to a guided tour of the Dresden Station.

The building is situated adjacent to a visitors' parking lot with an entrance outside the security fence surrounding Dresden Unit 1. It has a room which can accommodate approximately 100 persons with facilities readily adaptable for the conduct of the requested pre-hearing conference. Convening the pre-hearing conference at the Exposition Building would provide an excellent opportunity for the Board and all interested parties to

examine the site and environs of the Dresden Nuclear
Power Station and observe the operation of Dresden Unit 1.

Respectfully submitted,
ISHAM, LINCOLN & BEALE
