Dear Michael Layton:

The U.S. Department of Energy (DOE) is requesting renewal of U. S. Nuclear Regulatory Commission Certificate of Compliance (CoC) Number 5797, for the Model Inner HFIR Unirradiated Fuel Element Shipping Container, and Outer HFIR Unirradiated Fuel Element Shipping Container (NRC Docket 71-5797).

There were no changes to the package since the last CoC was issued and the package continues to meet the requirements of 10 CFR Part 71. However, DOE requests minor editorial corrections to CoC, Section 5.(a)(3)(i) &(ii), and Section 6 respectively, to identify the Oak Ridge National Laboratory (ORNL) as the drawing owner rather than the management and operating (M&O) contractor at the time the drawing was issued: both ORNL and the M&O Contractor are identified on the respective drawings. Proposed changes are as follows (3 places):

FROM: (i) "... Martin Marietta Energy Systems, Inc., Drawing Nos. M-20978-EL-003E, Rev. F, and M-20978-EL-008E, Rev. C."
TO: (i) "...Oak Ridge National Laboratory, Drawing Nos. M-20978-EL-003E, Rev. F, and M-20978-EL-008E, Rev. C."
FROM: (ii) "... Martin Marietta Energy Systems, Inc., Drawing Nos. M-20978-EL-002E, Rev. E, and M-20978-EL-008E, Rev. C."
TO: (ii) "... Oak Ridge National Laboratory, Drawing Nos. M-20978-EL-002E, Rev. E, and M-20978-EL-008E, Rev. C."
FROM: 6. "...as shown on Martin Marietta Energy Systems, Inc. Drawing No. M-20978-EL-009E, Rev. 2 ..."
TO: 6. "...as shown on Oak Ridge National Laboratory Drawing No. M-20978-EL-009E, Rev. 2 ..."
