Subject: Annual Summary of Changes, Tests and Experiments at Aerotest
Radiography and Research Reactor (ARRR), Docket no. 50-228, for the
period of 1 July 2016 to 30 June 2017.

Gentlemen:

The enclosed report summarizes the ARRR operations from July 1, 2016 through June 30, 2017. This submittal complies with the requirements set forth in 10 CFR 50.59, "Authorization of Changes, Tests and Experiments."

In order to comply with NRC requirements to resolve foreign ownership issues, Aerotest Operations voluntarily ceased reactor operations on Oct. 15, 2010 and remains shutdown pending transfer of ownership to a U.S. company. As such, summary forms of monthly operations and unscheduled power reductions are not applicable and are therefore not included in this report.

Sincerely,

Alfredo W. Meren
Reactor Supervisor
