Subject: Dresden Station Units 2 and 3  
Assembly/Accountability Drill  
NRC Docket Nos. 50-237 and 50-249

Dear Mr. Snell,

This letter is to inform you of the planned date of June 12, 1991 for the Annual Assembly/Accountability Drill at the Dresden Nuclear Power Station. Conduct of the Drill will be separate from the Annual Emergency Exercise due to a Unit 3 refueling outage planned for the same time frame as the Exercise.

If you have any questions regarding the conduct of the Dresden Station Assembly/Accountability Drill, please contact Robert Carson on (312) 294-8662.

Respectively,

Terence K. Schuster  
Nuclear Licensing Administrator
