Regulatory Docket File

January 24, 1975

Mr. D. L. Ziemann
 Operating Reactors - Branch 2
 Directorate of Licensing
 Office of Regulation
 U.S. Nuclear Regulatory Commission
 Washington, D.C. 20545

Subject: Dresden Station Units 2 and 3
 Quad-Cities Station Units 1 and 2
 Schedules for ECCS Reanalyses
 AEC Dkts. 50-237 and 50-249,
50-254 and 50-265

Dear Mr. Ziemann:

In response to your letter dated December 27, 1974 concerning the subject schedules, following are the schedules for submittals for the four units.

Dresden Unit 2	6-13-75
Dresden Unit 3	3-17-75
Quad-Cities Unit 1	6-13-75
Quad-Cities Unit 2	2-07-75

These schedules allow one to two weeks from completion of the analysis by General Electric Company until submittal. This time is allowed for preparation of a formal license amendment submittal, Onsite and Offsite review, and duplication. These dates include no contingency.

It is expected that the submittal on February 7, 1975 for Quad-Cities Unit 2 will be completed, except the break spectrum evaluation which will be available by February 21, 1975.

If you require any further information concerning these schedules, please contact me.

Very truly yours,

J. S. Abel
