RE: Addendum to Radioactive Material License No. 37-35160-01 *103038757*

Dear Ms. Villar:

RETTEW Associates, Inc. is working on multiple projects throughout West Virginia. Nuclear density gauge capabilities will be needed to complete many of the projects. We currently are approved for possession limits for Cesium 137 up to 55 mCi and Americium 241:Be up to 270 mCi. We would like to amend license No. 37-35160 to increase the possession limits for Cesium 137 to 65 mCi and Americium 241:Be to 315 mCi. We request this in order to have the capabilities to purchase an additional nuclear surface, Troxler gauge. RETTEW has ample storage for both the permanent gauges, as well as the additional requested gauge. We have approved, secured storage located at 27 Trovato Street Bridgeport, WV 26330. RETTEW personnel will comply with all required rules and regulations for storage and use in accordance with license No. 37-35160-01.

If you should have any questions or need additional information, please do not hesitate to contact me at (412) 446-1728 or at lori.levine@rettew.com.

Our license number is 37-35160-01 and the expiration date is August 31, 2024.

If you have any questions regarding this change request or wish to discuss any item(s) contained herein, please do not hesitate to call our office.

Sincerely,

John B. Stipe III, CPSS
Director of Geosciences

	Licensing and/or Technical Reviewer or Branch Commercial, Industrial, R&D, & Academic Branch (Branch 2)

This is to acknowledge receipt of your: Letter and/or Application Dated: 07/02/2017

The initial processing, which included an administrative review, has been performed.
 Amendment Termination New License Renewal

There were no administrative omissions identified during our initial review.

This is to acknowledge receipt of your application for renewal of the material(s) license identified above. Your application is deemed timely filed, and accordingly, the license will not expire until final action has been taken by this office.

Your application for a new NRC license did not include your taxpayer identification number. Please complete and submit NRC Form 531, Request for Taxpayer Identification Number, located at the following link: <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc531.pdf>
 Follow the instructions on the form for submission.

The following administrative omissions have been identified:

Your application has been assigned the above listed MAIL CONTROL NUMBER. When calling to inquire about this action, please refer to this control number. Your application has been forwarded to a technical reviewer. Please note that the technical review, which is normally completed within 180 days for a renewal application (90 days for all other requests), may identify additional omissions or require additional information. If you have any questions concerning the processing of your application, our contact information is listed below:
