Mr. Robert W. Reid
Chief, Operating Reactors Branch #4
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Reid,

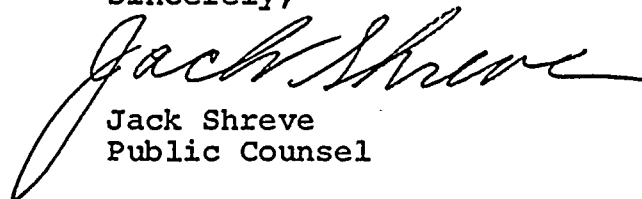

My office represents the citizens of Florida in utility regulatory matters. As part of our responsibility, we monitor the operational status of nuclear generating units within this state and the impact of their efficient operation upon the monthly fuel charges paid by electric utility customers. To facilitate this process we ask that you place this office on any distribution list you may have for correspondence or reports dealing with the operating status of the following units:

Florida Power Corp - Crystal River 3 - Docket No. 50-302

Florida Power & Light Co. - St. Lucie 1 - Docket No. 50-335
Turkey Point 3 - Docket No. 50-250
Turkey Point 4 - Docket No. 50-251

Your assistance in this matter is greatly appreciated.

Sincerely,

Jack Shreve
