Docket No. 52-048

U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
One White Flint North
11555 Rockville Pike
Rockville, MD 20852-2738

SUBJECT: NuScale Power, LLC Non-Technical Changes to the Nonproprietary version of the "Loss-of-Coolant Accident Evaluation Model," Revision 0, TR-0516-49422

REFERENCES: Letter from NuScale Power, LLC to Nuclear Regulatory Commission, "NuScale Power, LLC Submittal of "Loss-of-Coolant Accident Evaluation Model," dated December 30, 2016 (ML17004A122)

In the referenced letter, NuScale submitted the "Loss-of-Coolant Accident Evaluation Model," Revision 0, TR-0516-49422. As discussed with NRC project manager, Rani Franovich, the enclosure to this letter contains a corrected version of the nonproprietary version of this report. The corrected version does not make any changes to technical content. Please replace the existing nonproprietary report (ML17004A138) with the enclosed report.

The original proprietary version and associated affidavit provided in the referenced letter are unchanged by this submittal.

This letter makes no regulatory commitments and no revisions to any existing regulatory commitments.

Please contact Darrell Gardner at (980)349-4829 or at dgardner@nuscalepower.com if you have any questions.

Sincerely,

Zackary W. Rad
