Mr. James P. O'Reilly, Director, Region II  
Office of Inspection & Enforcement  
U. S. Nuclear Regulatory Commission  
101 Marietta St., N. W. Suite 3100  
Atlanta, Georgia 30303

Dear Mr. O'Reilly:

Re: RII-JPO  
50-389  
I & E Bulletin 79-24

Florida Power & Light Company has reviewed the events described in I & E Bulletin 79-24, Frozen Pipes. We will review the plant design to determine if additional freeze protection is necessary and report our conclusion in the FSAR. In view of the subtropical marine climate at the St. Lucie site, we do not anticipate any major problems.

Very truly yours,

*Robert E. Uhrig*  
Robert E. Uhrig
