Office of Nuclear Reactor Regulation
Attention: Mr. R. W. Reid, Chief
Operating Reactors Branch No. 4
Division of Operating Reactors
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Reid:

Re: St. Lucie Unit No. 1
Docket No. 50-335
Operational Quality Assurance Program

Florida Power & Light Company (FPL), in order to maintain a consistent corporate Quality Program, submits herewith the Operational Quality Assurance (QA) Program description implemented for St. Lucie Nuclear Generating Station Unit #1 (PSL-1) in lieu of Chapter 17.2 of the Unit's Final Safety Analysis Report.

The QA Program currently implemented is comprised of the attachment which specifically addresses details applicable only to PSL-1, and the Topical Quality Assurance Report (FPLTQAR 1-76A) which addresses the basic elements of the QA Program applicable to all nuclear power plants. The Topical Quality Assurance Report (FPLTQAR 1-76A) was approved by the NRC on July 2, 1976.

Very truly yours,

RE

Robert E. Uhrig
Vice President
Advanced Systems & Technology

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for the company's financial health and for providing reliable information to stakeholders.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps from identifying a transaction to entering it into the accounting system, ensuring that all necessary details are captured.

3. The third part of the document addresses the role of the accounting department in monitoring and controlling the company's resources. It discusses how accurate records enable the company to identify areas of inefficiency and to take corrective action.

4. The fourth part of the document discusses the importance of internal controls in preventing fraud and errors. It describes various control measures, such as segregation of duties and regular audits, that help to ensure the integrity of the financial records.

5. The fifth part of the document discusses the role of the accounting department in providing financial information to management. It explains how this information is used to make strategic decisions and to evaluate the company's performance.

6. The sixth part of the document discusses the role of the accounting department in providing financial information to external stakeholders. It explains how this information is used to attract investment and to build trust with the public.

7. The seventh part of the document discusses the role of the accounting department in ensuring compliance with applicable laws and regulations. It describes the various reporting requirements and the steps that must be taken to ensure that the company is in full compliance.

8. The eighth part of the document discusses the role of the accounting department in providing financial information to the public. It explains how this information is used to inform investors and other interested parties about the company's financial position.

9. The ninth part of the document discusses the role of the accounting department in providing financial information to the government. It explains how this information is used to calculate taxes and to monitor the company's compliance with financial reporting requirements.

10. The tenth part of the document discusses the role of the accounting department in providing financial information to the media. It explains how this information is used to inform the public about the company's financial performance and to build trust with the community.
