Dear Dr. Uhrig:

Your November 6, 1979 letter replied to our September 17, 1979 letter regarding implementation of 40 CFR Part 190, EPA Uranium Fuel Cycle Standard for the Turkey Point Plant Unit Nos. 3 and 4, and the St. Lucie Plant, Unit No. 1. In your letter you provided an interim commitment for demonstrating compliance to 40 CFR Part 190. This letter is to inform you that the report required by Technical Specification 3.9.1.a or 3.9.2.a, Appendix A, for Turkey Point and Technical Specifications 2.4.1.h and 2.4.3.e, Appendix B, for St. Lucie should include a dose assessment with respect to conformance with 40 CFR Part 190, or whatever a variance to 40 CFR Part 190 is projected.

Sincerely,

Original Signed By

A. Schwencer, Chief  
 Operating Reactors Branch #1  
 Division of Operating Reactors
