---

Yes, thank you Ms. Jamerson. I know that the Oglala Sioux Tribe Office of Cultural Affairs and Historic Preservation is very busy. I believe some of the confusion arises from the lack of a complete response from NRC Staff to the Tribe's most recent letter, which specifically requested NRC Staff's new leadership team to provide a range of dates that would allow for a meeting in the region of the proposed Powertech mine. To date, I am not aware of NRC Staff new team providing any proposed dates. The letter is attached for your reference.

Also, given that this matter is part of an ongoing adjudicatory matter and in an effort to ensure efficient communication between the parties, please copy Mr. Stills and myself on future letters.

Thank you.

Thanks Kellee. And put the email into ADAMS – for immediate release and replication – and it could be added to the hearing update.

Patty

**Subject:** Forwarding Letter to President Steele and Mr. Dennis Yellow Thunder re Powertech (USA) Inc.

Hello Mr. Parsons and Mr. Stills,

Per the November status report regarding Powertech (USA) Inc., I transmitted a letter with

enclosures to President Steele and Mr. Yellow Thunder [(see attached) ML15303A279]. However, I am uncertain whether those letters, email messages, and/or my telephone calls have been received. For this reason, I am forwarding the information to you as the Oglala Sioux Tribe's Counsel. Can you advise whether there have been any changes in contact information?

Regards,

*Kellee L. Jamerson*
