Re: Florida Power and Light Company (St. Lucie Plant, Unit No. 2),  
NRC Docket No. 50-389-A

Dear Members of the Board:

We understand that comments are due on the joint motion and proposal by Florida Power and Light Company, the U. S. Department of Justice, and the NRC staff for approval of certain license conditions, subject to later imposition of "different or additional conditions after hearing." On April 1, 1980, the Fort Pierce Utilities Authority of the City of Fort Pierce, Florida entered into an agreement in principle with FP&L concerning participation in St. Lucie Unit No. 2 and other matters, subject to negotiation of final participation agreements and other final agreements. This will inform you that, pending its negotiations with FP&L, FPUA prefers not to comment about the proposed conditions and reserves its rights to seek different or additional terms and conditions by negotiation or, failing that, by order after hearing.

Sincerely,

BROWN & WILLIAMS
