Dear Mr. Clark:

Re: St. Lucie Unit #1
Docket No. 50-335
Fire Protection Modifications

In our letter (L-79-280) dated October 3, 1980, we proposed a schedule for implementation of fire protection modifications. All of these modifications are now in service and are operational. It should be noted, however, that while we consider Item 3.13.3 (RCP oil collection system) operational, oil collection tanks are still to be added. The system presently provides for the oil to be collected and piped away from ignition sources.

Very truly yours,

*J. a. De Mastry
