SUBJECT: NRC INSPECTION REPORT NO. 030-28939/2017-001, MIDDLESEX
CARDIOLOGY ASSOCIATES, P.C

Dear Dr. Corning:

This refers to your letter received by this office on July 7, 2017, in response to our June 6, 2017, letter and Notice of Violation. Your letter states that additional information was found and sent to NRC at a later date. You further stated that the additional information was sent to Farrah Gaskins of my staff on May 19, 2017, and was included as an attachment with your letter. Please note that the additional information sent was incomplete as it did not list one of the sealed sources (Co-57, SN BM011012236202) which had been identified by Ms. Gaskins during the inspection.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to be "JD", written over a circular stamp or mark.
