Larry,

Thank you for the update. NRC has finished the acceptance review of CBR's open-issue responses that were received on June 30, 2017. Apart from the open-issue response you referenced below, NRC has found the other responses to be acceptable and has initiated the technical review of those responses.

Regards,

Tom Lancaster

Ron:

Based upon our recent PM-PM calls concerning the outstanding RAI's on License Condition 11.10, it is CBO's intent to submit the responses to these RAI's no later than August 4, 2017. Currently our legal department is working on the documentation that shows proof of ownership and proof of public control on leased lands.
