Dear Mr. Clark:

Re: St. Lucie Unit 1
Docket No. 50-335
Post-TMI Requirements
RCS Vent System Procedures

In your letter of November 30, 1981, you requested that Florida Power and Light provide a schedule for the submittal of RCS vent operating procedures. Our TMI status letter, L-82-7 dated January 8, 1982 to Mr. Eisenhut stated that it was our intent to submit a set of operating procedures by February 1, 1982. The operating procedures have been written and typed. They are to be shortly presented for review and approval by the St. Lucie Unit 1 Facility Review Group. The approved procedures will be submitted to you as soon as they are issued, but no later than March 1, 1982.

Very truly yours,

Robert E. Uhrig
Vice President
Advanced Systems and Technology
