Dear Dr. Uhrig:

We have reviewed the secondary water chemistry monitoring program for St. Lucie Unit No. 2 and have found it acceptable. Our review is documented in section 10.3.4 of the Safety Evaluation Report for St. Lucie Unit No. 2 operation dated October 1981.

You state in your letter dated March 29, 1982 (L-82-120) that the secondary water chemistry monitoring program in effect for St. Lucie Unit 1 is virtually identical to the St. Lucie Unit 2 program. Since the program we found acceptable applies to St. Lucie Unit 1 our review of the secondary water chemistry monitoring program for St. Lucie Unit 1 is complete.

Sincerely,
