ENGINEERING VERIFICATION PROGRAM - SL2
EBASCO TASK FORCE
WEEKLY STATUS SUMMARY FOR
PERIOD JULY 19 - JULY 23, 1982

The following activities were underway during the period July 19 through July 23, 1982:

- 1 - The list of eight (8) specific items to be verified was given to the Ebasco and C-E Task Force Mgrs during a conference call with the EVP Coordinator on July 19.
- 2 - The Ebasco Task Force has moved into its quarters on the 15th floor of Ebasco's corporate offices at 2WTC, New York, NY.
- 3 - Work has started on determination of design inputs needed for the design review phase of the program and establishing item boundaries.
- 4 - The initial request for information was transmitted to the EVP Coordinator on July 23.

C-E ENGINEERING VERIFICATION TASK FORCE/St. Lucie 2
WEEKLY STATUS SUMMARY
July 19 - July 23

Highlights

Arrangements were completed for a separate Windsor work facility to be occupied by C-E Engineering Task Force personnel while assigned to this program. The office facilities, consisting of three office trailers, were completed and occupied during this report period.

On Monday, July 19, the specific items to be verified were selected by FP&L during a joint telephone conference between the Ebasco and C-E Task Force managers and the FP&L program coordinator.

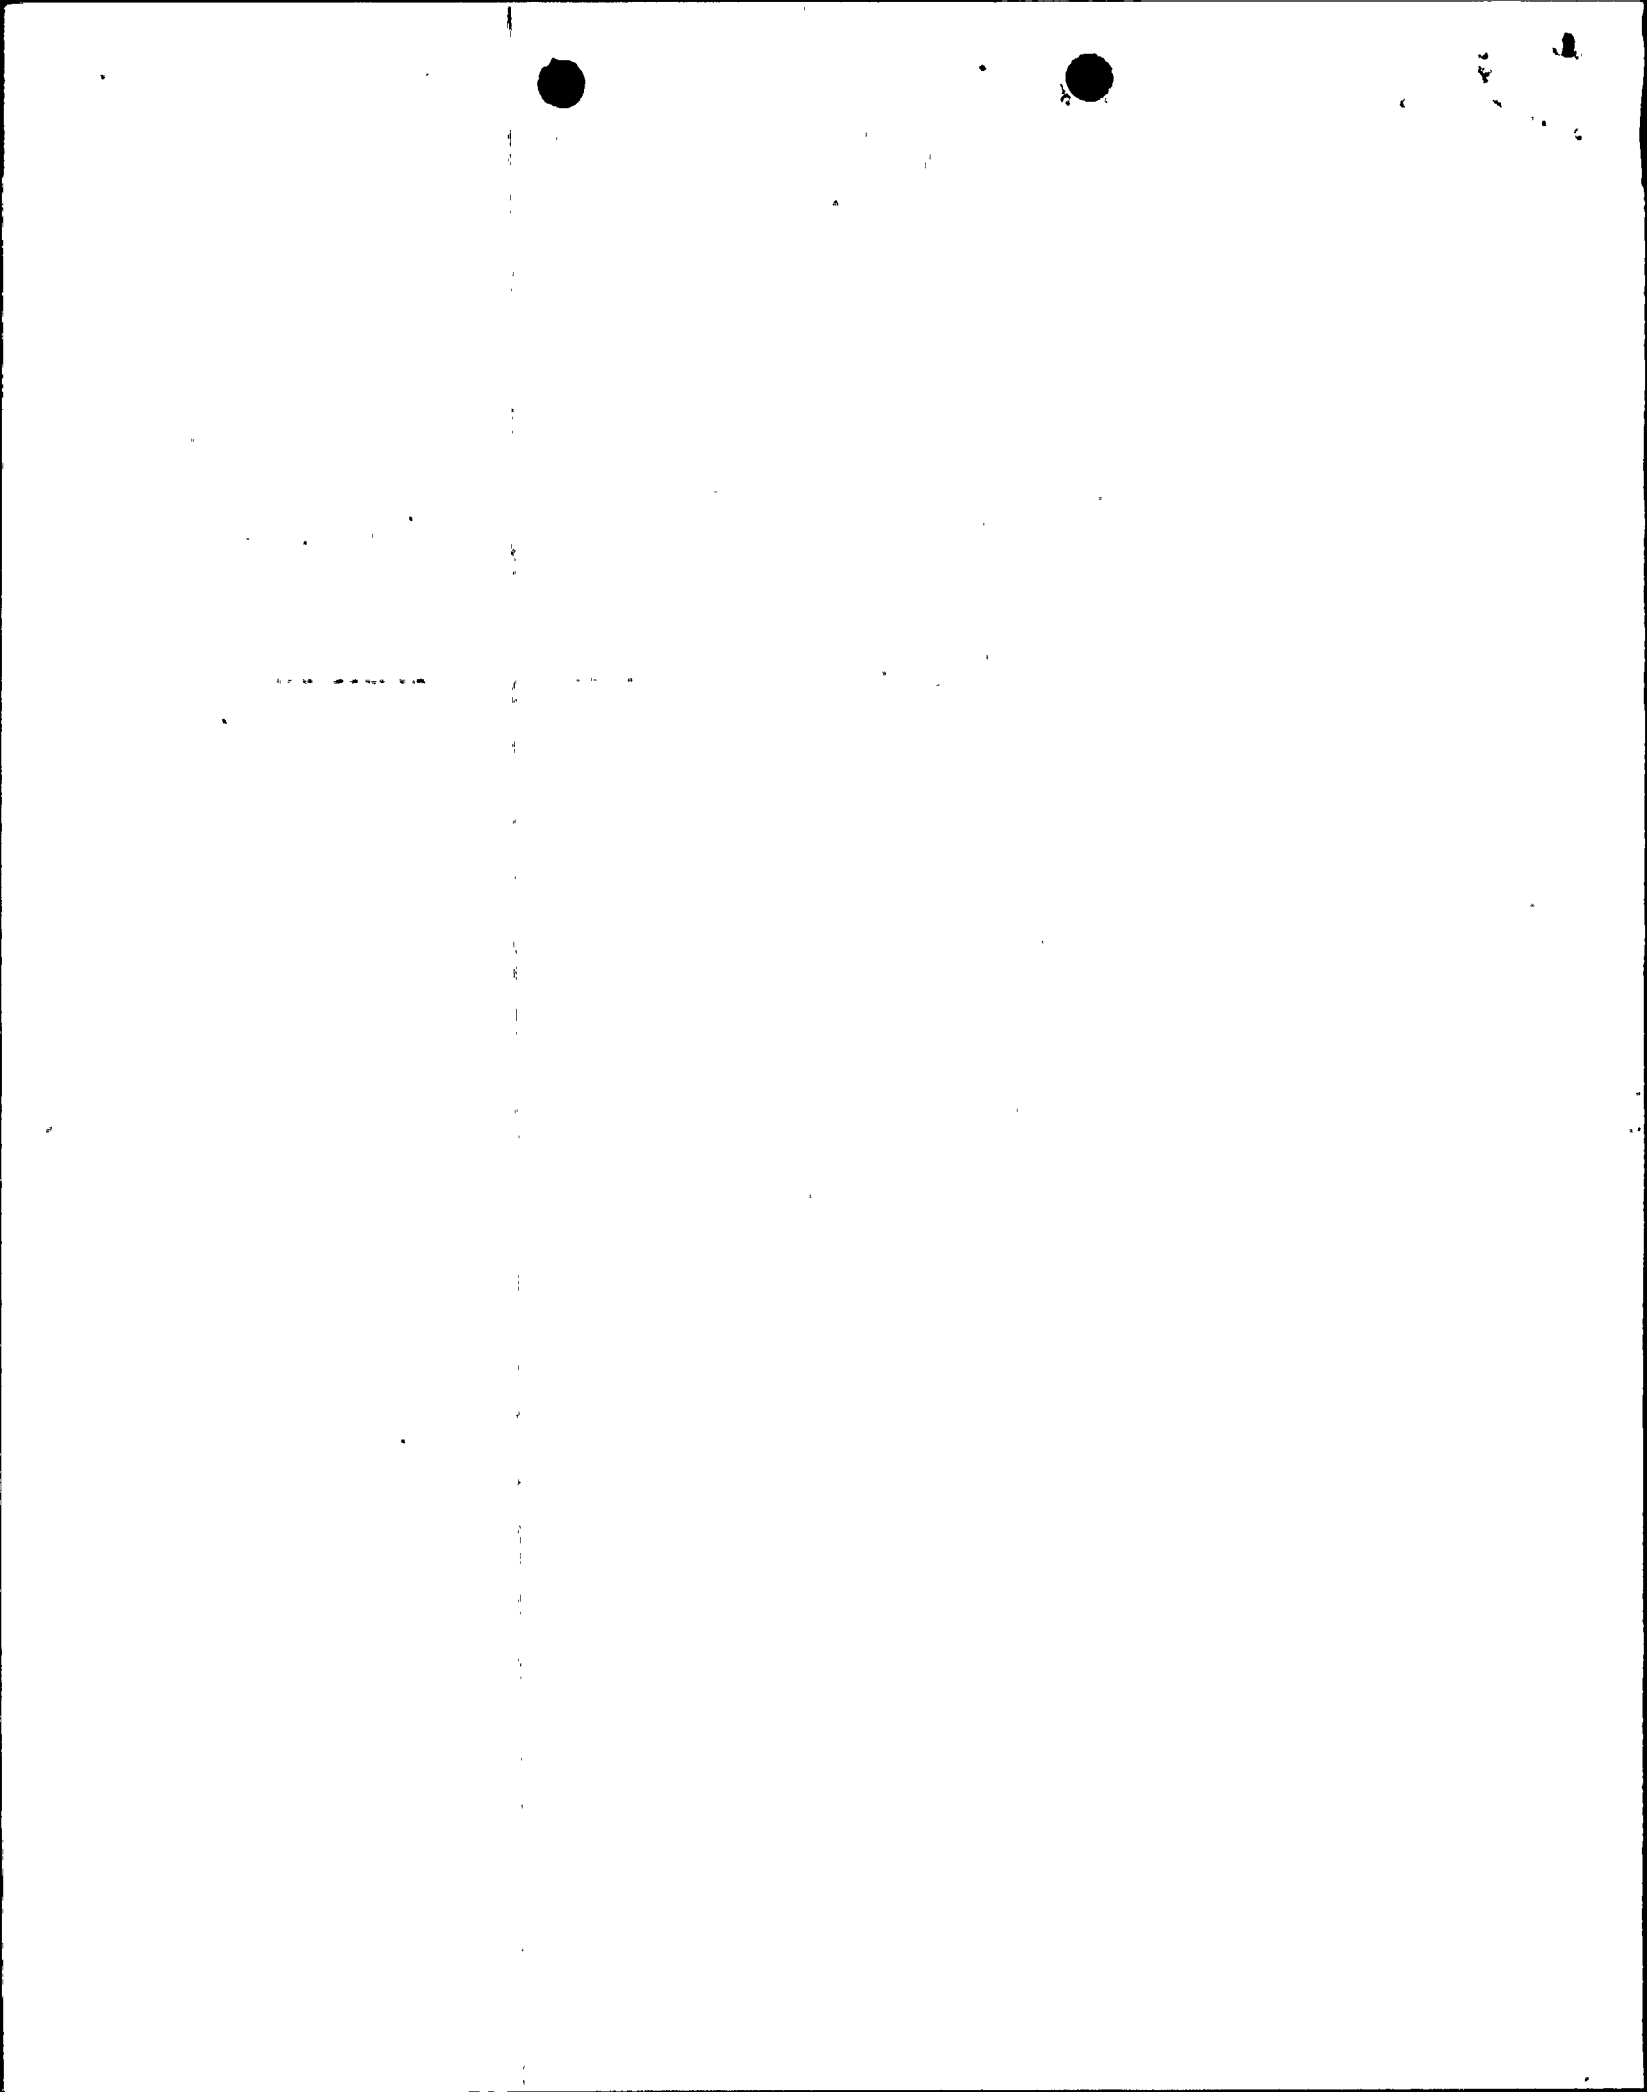

Upon selection of verification items the final stage of requisitioning qualified C-E task force engineers was begun and will continue through the next report period.

Status

A C-E program administrative procedure (EVP Procedure No. 1) was completed in order to coordinate activities between all parties. A C-E program technical procedure will be completed during the next report period.

Component-specific boundary sketches are in preparation for review at a Joint Task Force meeting on July 27.

Formal requests for design inputs are being prepared for transmittal to the project teams through the FP&L coordinator.
