Dear Mr. Uhrig:

ST. LUCIE UNIT 2, EXEMPTION REQUEST

We have reviewed your May 5, 1982 request for exemption from certain parts of the Commission's rules and regulations regarding antitrust review for St. Lucie Unit 2 and find good cause for granting part of that request. While we are not requiring the submittal of the Regulatory Guide 9.3 information and the accompanying Federal Register notice, we do plan to make a finding of whether there have been any significant changes since the construction permit review and ask your cooperation in furnishing any specific information that may be required. A copy of a notice that is being forwarded to the Federal Register for publication is enclosed.

Sincerely,

Original Signed by
