Hi Bob, it was very nice to meet you and thank you for the great program overview you provided. I have attached a clear report for the inspection last Friday. We will make this part of your official record and available in our ADAMS database.

For your annual reports, you should send in each year separately. The past years distribution reports can be sent in now, but don't send them to me, send them either by mail to: ATTN: Document Control Desk, Director, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001 or by email to the licensing staff contact (I think its Shirley Xu)

Please let me know if you have any questions about the inspection report or other topics,

Thanks
