1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the research. The second part of the report is a detailed description of the methods used in the study. This includes a description of the experimental design, the data collection procedures, and the statistical methods used to analyze the data. The third part of the report is a discussion of the results of the study. This includes a description of the findings and an interpretation of their significance. The final part of the report is a conclusion and a list of references.

2. The second part of the report is a detailed description of the methods used in the study. This includes a description of the experimental design, the data collection procedures, and the statistical methods used to analyze the data.

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

AMENDMENT OF DEFINITION OF INSURED  
(Tennessee Valley Authority)

It is agreed that regardless of the provisions of the second paragraph of Insuring Agreement II, part (b) of the Definition of Insured includes as an insured the Tennessee Valley Authority with respect to its legal responsibility for damages because of bodily injury or property damage caused by the nuclear energy hazard.

This is to certify that this is a true copy of the original Endorsement having the endorsement number and being made part of the Nuclear Energy Liability Policy (Facility Form) as designated hereon. No Insurance is afforded hereunder.
