MEMORANDUM TO: Sheryl Burrows, President  
National Treasury Employees Union (NTEU) Chapter 208

FROM: Kathy L. Lyons-Burke   
Senior Level Advisor for Information Security  
Office of the Chief Information Officer

SUBJECT: NOTICE OF CHANGE: AGENCY-WIDE RULES OF BEHAVIOR  
FOR AUTHORIZED COMPUTER USE

This notice is provided in accordance with the provisions of Article 42 of the Collective Bargaining Agreement (CBA) between the NRC and NTEU Chapter 208. The NRC plans to issue an update to the "Agency-wide Rules of Behavior for Authorized Computer Use" for fiscal year 2018. A track changes version of the update is attached so that the specific changes can be seen.

This change provides updates necessary due to changing federal direction and changes in the NRC environment. This change will be implemented by including the updated "Agency-wide Rules of Behavior for Authorized Computer Use" in the computer security awareness course for FY 2018 and by posting them on the Office of the Chief Information Officer web page.

It is anticipated that this change will have a minimal impact on employees requiring minimal change to the expected behavior.

Barbara Sanford, Chief PLERB, has designated Sandra Pearlman as the PLERB representative for this matter. Please contact her if you have any questions or comments.
