Re: Renewal of the Three Mile Island Unit Two Independent Spent Fuel Storage Installation License, Butte County (Docket No. 72-0020) / SHPO Review No.: 2017-1050

Dear Ms. Roman

Thank you for consulting with our office on the above reference project. We understand the scope of the work involves the renewal of special nuclear material, License Number SNM-2508. The license would continue to authorize the U.S. Department of Energy to receive, possess, transfer and store spent nuclear fuel from Three Mile Island Unit 2 (TMI-2) independent spent fuel storage installation.

Pursuant to 36 CFR 800.5, we have applied the criteria of effect to the proposed undertaking. Based on the information received 10 July 2017, we find that the proposed project actions will result in **no historic properties affected**. If you have any questions, or the scope of the work changes, please contact me at elizabeth.witkowski@ishs.idaho.gov or (208) 488-7467.

Sincerely,

Elizabeth C. Witkowski, M.A.
Compliance Archaeologist
