Two large black circles are positioned at the top of the page, likely serving as registration marks or punch holes. The text in this section is extremely faint and illegible, appearing as a series of scattered dots and light gray marks.

There are three distinct, small, dark, irregular marks or artifacts located in the middle-left portion of the page. They appear to be ink smudges or small clusters of noise.

A small, faint mark or character is visible on the left side of the page, approximately one-third of the way down.

The lower half of the page contains several lines of very faint, illegible text. The characters are sparse and difficult to discern, appearing as light gray specks against the white background.

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

Restoration of Limit of Liability Endorsement

It is agreed that:

1. Payments made and expenses incurred by the companies under this policy have reduced, in accordance with Condition 3 of the policy, the limits of the companies' liability stated in Item 4 of the Declarations and in all Increase of Limit of Liability Endorsements.
2. The limit of liability stated in Endorsement No. 25 which has been reduced is hereby restored to \$ 36,000,000.00. This restored limit applies only with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused by the nuclear energy hazard after the effective date of this endorsement.
3. The limits of liability stated in the policy shall not be cumulative. Each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduced by the amount of such payment every limit of liability, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expense arises.
