

November 16, 1972

Docket Nos. 50-237, 50-249,
50-254, and 50-265

Dr. Chester P. Siess
Chairman, Advisory Committee
on Reactor Safeguards
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Dr. Siess:

Sixteen (16) copies of the following are transmitted for the
Committee's information:

Letter from Commonwealth Edison Company dated November 8,
1972, transmitting Quad-Cities Units 1 and 2 Special
Report No. 1 and Supplementary Information for Dresden
Units 2 and 3 Special Report No. 4A - Modified Off-Gas
System.

Letter to Commonwealth Edison Company dated November 14,
1972, requesting additional information regarding the
containment atmospheric dilution system for Dresden
Units 2 and 3 and Quad-Cities Units 1 and 2.
