Dear Mr. Price:

This is in response to your letter of 31 December 1970 addressed to Mr. Legate, Executive Secretary, Department of Transportation, concerning the draft environmental statement for the Dresden Nuclear Power Station Unit 3 of the Commonwealth Edison Company, Grundy County, Illinois.

Both the draft environmental statement and the environmental considerations report have been reviewed by the concerned operating administrations of the Department of Transportation. In view of the minimal impact this project will have upon transportation, no comments are offered.

This Department appreciates the opportunity to review and comment upon the draft environmental statement for Dresden Nuclear Power Station Unit 3.

Sincerely,

R. Y. EDWARDS

Chief, Office of Public and International Affairs
