Attention: Mr. Ashok C. Thadani, Director

Division of PWR Licensing - B  
U.S. Nuclear Regulatory Commission

Dear Mr. Thadani:

Re: St. Lucie Unit Nos. 1 & 2  
Docket Nos. 50-335 & 50-389  
Security Perimeter

On January 24, 1986, Florida Power and Light Company (FPL) began testing a new security system which was discussed with NRC during a meeting on December 18, 1985. FPL believes that the testing has been successful and invites NRC to the St. Lucie Plant to witness additional testing during the week of March 3, 1986. FPL understands that, tentatively, March 5, 1986 is convenient for your staff.

FPL would, additionally, request a meeting with NRC during the week of March 17, 1986, in Bethesda, to discuss further Security Perimeter issues. FPL is anxious to resolve this matter and appreciates your cooperation.

Very truly yours,

  
C.O. Woody  
Group Vice President
