ANNUAL TOPOGRAPHIC SURVEY-WASTE DISPOSAL SITE #3
PERMIT #101363

Dear Mr. Lamereaux:

Enclosed are the annual topographic survey drawings for Solid Waste Disposal Site #3 of PP&L's Susquehanna SES (in triplicate). The Annual Landfill Operations Report was previously submitted to the Pennsylvania Department of Environmental Resources (PLE-8345, May 21, 1986).

As you will observe, PP&L has extended the eastern most boundary of this site approximately 70 feet. This modification allowed PP&L to use an existing dirt road to haul the wastes into the site. Since this area is on PP&L property, PP&L believes that there is no additional impact to the surrounding environment from this modification.

If you have any further questions, please call me at (215) 770-7889.

Respectfully,

Jerome S. Fields
