

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

August 8, 2017

PLUS, LLC
ATTN: Jay Gupta, Director
733 Summer Street, Suite 506
Stamford, CT 06901

SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION DENIAL OF PLUS, LLC
REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE

Dear Mr. Gupta:

By letter and affidavit dated June 21, 2017 (Agencywide Documents Access and Management System [ADAMS] Accession No. ML17194A714), PLUS, LLC submitted an application for amendment of your U.S. Nuclear Regulatory Commission (NRC) License No. 06-35274-01E, and requested that a portion be withheld from public disclosure pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR), Part 2, Section 2.390(a)(4). In particular, you requested that in Attachment B, pages 16-27 of the Supplemental Information be withheld from public disclosure.

Your application does not include Attachment B, nor any pages after page number 14.

Pursuant to 10 CFR 2.390(b)(3), the NRC has reviewed your submission to determine whether the information PLUS, LLC seeks to have withheld from public disclosure. Accordingly, we have concluded that the information sought to be withheld from public disclosure was not included in your application. Therefore, your request to withhold your application for amendment in its entirety is denied.

The staff cannot return any portion of the document in question because the NRC needs to retain the information in the document to review your June 21, 2017, application for amendment of your NRC License No. 06-35274-01E. In accordance with 10 CFR 2.390(c), the information sought to be withheld will be placed in the Commission's Public Document Room 6 days from the date of this letter.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

J. Gupta
