Gentlemen:

Re: St. Lucie Plant Unit Nos. 1 and 2
 Docket Nos. 50-335 and 50-389
 Request for Additional Information -
Anticipated Transients Without Scram

By letter dated May 18, 1988 (E.G. Tourigny to W. F. Conway), the NRC requested additional information concerning the Florida Power & Light Company (FPL) plant specific conceptual design submittal of July 15, 1987. FPL plans to provide the response to questions 1a, 3a, 3b, 4, 5, 6, 8b, and 8c by August 15, 1988. The remaining questions (1b, 2, 7, and 8a) are related to the detailed design and are not part of the conceptual design submitted in July 1987. As discussed with the St. Lucie Project Manager, FPL will provide a schedule for the response to these questions after the conceptual design is approved by the staff.

Should there be further questions, please contact us.

Very truly yours,

 W. F. Conway
