Gentlemen:

Re: St. Lucie Units 1 and 2
Docket Nos. 50-335 and 50-389
Semi-Annual Radioactive Effluent Release Report

Attached are revised copies of the Radioactive Effluent Release Reports submitted for St. Lucie Units 1 and 2 for 1988.

During the review of this data as compiled by Brookhaven Laboratory, St. Lucie Plant personnel identified clerical errors which had been made in the preparation of these reports. The errors were made in the counting of the number of releases which were made and the number of minutes releases were in progress, and in the transposition of data from the body of the report to a summary table. These errors in no way changed the final calculated releases for the periods covered by these reports.

An errata table is provided as Attachment 1 to this correspondence, and revised 1988 Semi-Annual Radioactive Effluent Reports for St. Lucie Units 1 and 2 are provided as Attachments 2 and 3.

Should there be any questions on this information, please feel free to contact us.

Very truly yours,

D. A. Sager
Vice President
St. Lucie Plant
