Gentlemen:

Re: St. Lucie Units 1 and 2
Docket Nos. 50-335 and 50-389
Semi-Annual Radioactive Effluent Release Report

Florida Power & Light Company letter(L-90-307) dated August 22, 1990 submitted the St. Lucie Units 1 and 2 Semi-Annual Radioactive Effluent Release Report for the period of January 1, 1990 through June 30, 1990. Attached is a corrected copy of Table 3.9 to that report. The areas corrected were: Part A.1.d.1, the amount of Non-Compressible Metal was changed from 1.907E+1 M³ to 2.286E+1 M³; Part A.3, the number of shipments of solid waste was increased from 43 to 44; and in the summation table, the amount of Non-Compactible Trash was increased from 673.3 ft³ to 807.4 ft³.

A monthly vendor report of low level solid waste was inadvertently excluded from the report covering the above period.

Should there be any questions on this information, please contact us.

Very truly yours,

DA Sager
D. A. Sager
