Conversation Record- Request for additional information

SUMMARY
After review of a request for NRC consent to a transfer of control, additional information is needed to complete the review. As discussed with Mr. Caudle on June 29, 2017, please provide the following:

- 1) Letter requesting NRC consent to transfer of control must be signed by both the transferor/licensee (Premiere Healthcare, LLC) and transferee (IU Health Southern Indiana Physicians).
- 2) Duly authorized individuals must sign the letter requesting NRC consent to transfer of control.
- 3) One of the basis for granting NRC consent for transfer of control is consideration whether the transferee is a known entity (i.e. transferee holds an NRC license). Please provide supporting information.
- 4) Confirmation that records concerning the safe and effective decommissioning of the facility will be transferred and maintained by the transferee.

Please include the requested information and resubmit the letter, signed by appropriate individuals, by July 14, 2017. The letter can be faxed (630-505-1078) or sent to my attention at Magdalena.Gryglak@nrc.gov as a pdf file.
