Mr. James P. O'Reilly
Regional Administrator
Nuclear Regulatory Commission
101 Marietta Street

Dear Jim:

The single-minded effort which you and your staff devoted to the recent St. Lucie nuclear exercise was, in large part, the reason for its outstanding success.

While all the details of evaluation are not yet in, there is no doubt that the high level of cooperation and friendly working relationships built during the last week represent a new high in our mutual goal to build an emergency management family that integrates all the expertise and resources of many separate organizations.

The Nuclear Regulatory Commission's Region II is to be commended for its flexibility and willingness to accommodate the needs of all participants while at the same time performing at a high level of technical and management efficiency.

We all feel that we made good friends. Thank you for a great experience.

Regards,

Bernie Maguire
