Mrs. Torres,
The dates of 28 and 29 September look to be the best. I have a person on his employment probation period and that time period still falls in to the period he is being observed. I will place it on my calendar. Thanks for getting back to me.

Mr. Hall,

Yes. Management wants me to change the date of the exam due to the security inspection taking place on the same week (week of September 18). The week before, September 13-15 I'm available for the exam well as the weeks after on September 28-29 or October 4-6. Let me know your preference.

Respectfully,

Paulette A. Torres

Paulette,

I was informed that the September exam would be rescheduled due to an inspection NRC wants to conduct that week on our facilities. Have you heard this and if so, do you have a different date for the exam. I have not had the candidates conduct their physicals yet because I wanted to ensure it was close to the exam date. Thanks for your time.
