Re: St. Lucie Units 1 and 2
Docket Nos. 50-335 and 50-389
Correction to 1993 Semi-Annual Radioactive Effluent Release Report and
Response to Brookhaven National Laboratory Request for Information

Attached, as Attachment 1, is a correction and explanation of error in the Unit 1 Particulate Activity for the interval of May 27, 1993 through December 31, 1993, as reported in the 1993 Semi-Annual Radioactive Effluent Release Reports for St. Lucie Units 1 and 2 for the periods January 1 through June 30, 1993 and July 1 through December 31, 1993. The above reports were submitted by FPL letters L-93-216, dated August 26, 1993, and L-94-51, dated February 28, 1994, respectively.

Attachment 2, is a copy of the 1993 site Joint Frequency Distribution (JFDs) Report, requested by Brookhaven National Laboratory via letter (Ms. Joyce L. Tichler to Mr. J. H. Goldberg) dated April 14, 1994. The information was requested to assist in the preparation of the "Population Dose Commitments..." report. Data distribution in "computer form" was not possible, therefore this data is being forwarded by hard copy to Ms. Joyce L. Tichler. The stack characteristics and "locations of interest", requested by Ms. Tichler are unchanged relative to our data submission of 1992.

Should there be any questions on this information, please contact us.

Very truly yours,

D. A. Sager
Vice President
St. Lucie Plant
