Re: Mail Control Number 592506, Request to pull back license application

Dear Mr. Struckmeyer:

In response to your email, dated July 27, 2017, this letter will constitute our request to pull back the exempt distribution license application submitted to your office last year. I understand that we are eligible for a refund of the license application fee. I am enclosing a copy of the NRC Form 532 we received after filing the application.

I want to thank you and your colleagues for your thoughtful dialog at our most recent teleconference.

Columbia University will continue to explore all available options for the final disposition of metals described in this application.

If you have any further questions on this matter, please contact me at 212-342-1953 or tlm2126@columbia.edu.

Sincerely,

Thomas L. Morgan, Ph.D., CHP
Chief Radiation Safety Officer
