SUBJECT: REVIEW OF REVISION 28 TO St. LUCIE PLANT EMERGENCY PLAN

Gentlemen:

We have completed our review of Revision 28 to your St. Lucie Plan Emergency Plan. Our review concluded that the changes did not decrease the effectiveness of your Emergency Plan and met the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50.

Please be reminded that 10 CFR 50.54(q) requires that proposed changes which decrease the effectiveness of your Emergency Plan may not be implemented without application to and approval by the Commission. However, changes may be made without Commission approval if such changes do not decrease the effectiveness of the Plan, and the Plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50. If a change is made without approval, you should furnish copies in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of Appendix E to 10 CFR Part 50.

Should you have any questions regarding this letter, please contact Mr. Glen Salyers of our staff on 404-331-5604.

Sincerely,

Original Signed by:

Kenneth P. Barr, Acting Chief  
Radiological Protection and  
Emergency Preparedness Branch  
Division of Radiation Safety  
and Safeguards
